

COMPANY & PRODUCT INFO

## CORE VALUES

Our company is built on the values of **QUALITY, INNOVATION, CONSISTENCY, and PARTNERSHIP**. These asserted values are the core strength of the company that helps us maintain an honest and trustworthy relation with our customers.

A family-owned and professionally-managed wet wipes manufacturer with over 13 years' experience in serving the Private Label needs of some of the world's Fortune 500 ranked retailers and brands. Our products reaches out to millions of consumers situated at locations across the globe. Now in 2017, we are branching out into our own Brands.

We are driven by a commitment to quality, innovation, research, and service. We pioneered the development of wet wipe products in China and have been successful in supplying quality and leading-edge products to almost every segment of the trade. Our commitment is to build mutually beneficial partnerships with our customers and vendors.

## QUALITY WITH VALUE

In keeping up with market trends, we made significant progress in developing products that are more environment friendly, and sensitive to our limited natural resources..

We have progressed from our initial 4000 square meter facility in 2001 to a brand new state of the art 12000 square meter facility in Shanghai. Our operations are ISO 9001:2008, CGMP and GMPC certified by SGS, and have completed 13 consecutive years. Our facility has been awarded with BRC-CP, Nordic Swan, and also approved by FDA - USA.

Our production floor uses the latest modern technology, and it is well equipped with a clean room facility, latest FDA USP standard water purification system, hygienic storage facility for raw material and finished products. This ensures the supply of high quality wet wipes to our valuable customers.

Reduces the use of Antibiotics in  
Chicken Feeding.

There is a growing trend among poultry farmers around the world to limit the use of antibiotics in chicken feeds and water supply. The hardest place to eradicate the use of antibiotics is in the facilities where eggs are hatched into chickens. To prevent the spread of bacteria and pathogens, Germisept Poultry Egg Cleansing Wipes are specially formulated and engineered to wipe down eggs before it comes into the hatchery.

## Disposable Underarm Pads

Protects clothes from sweat stains

- 3 dotted lines in the middle suits human arm curve for easy sticking on sleeves.
- Heart shaped embossing on the pad can effectively lock the sweat to prevent sweat from leakage.

With deodorizing ingredient, it can effectively suppress the sweat odor which is absorbed in a pad. Absorbent core can effectively lock the sweat, so that the surface will be dry and let you feel fresh all day long. It is highly recommended for people with hyperhidrosis and even individuals who enjoy sports.

# OTHER PRODUCTS (HEAD-LICE REMOVER)

## PESTICIDE AND CHEMICAL-FREE HEAD-LICE REMOVER

Simple and user-friendly, the V-COMB™ and LICEVAC™ is a reusable and allergy-free lice treatment for both children and adults. This gentle, yet effective, treatment is safe for home use and eliminates both head lice and their eggs (nits) without the need for harmful chemicals or special shampoos.

### HOW IT WORKS

- Proven to eliminate both head lice and eggs.
- The V-COMB and LICEVAC works best on dry hair. Simply attach a fresh capture filter securely to the V-COMB/LICEVAC combing head, ensuring it snaps into place (you will hear a click) and reattach the combing head to the main body by aligning the guiding arrows and twist to lock.
- After treatment is complete, immediately remove Capture Filter from the V-COMB / LICEVAC and snap on the lid before discarding.
- Replacement Capture Filters are available separately in an 8 pack.

### PRODUCT FEATURES

- Chemical-free treatment
- Early lice detection
- Smooth & gentle on scalp
- Filter captures lice & eggs
- Easy to clean

# OTHER PRODUCTS (STRENGTH BUILDING ACCESSORIES)

**Jump99**

## PLYOMETRIC SPORTS TRAINING & STRENGTH BUILDING ACCESSORIES

Plyometrics training accessories are practiced for improvement of athletic performance by what appears to be a relatively limited number of athletes.

### HOW IT WORKS

In regular shoes, 70% of the body's weight rests on the heel. Therefore, the calf muscles, exert little effort in supporting the body. In Jump99 shoes, the heel factor is eliminated, causing the calves to support 100% of the body's weight. This overload works the calves and Achilles tendons with a force equal to 6. times the body's weight upon impact.

### PRODUCT FEATURES

- Increase speed and quickness
- Develop explosive power
- Enhanced shoulder strength
- Burn more calories
- Gain more muscle
- Builds endurance and confidence in performance
- Strengthens Hip Flexors , Knee Joints, & Quads
- Helps burn more calories
- Helps builds endurance by strengthening your lower body.
- Increase vertical jump by 5-10 inches
- Increase Fast Twitch Muscle Fibers for Explosive Power
- Lower 50M Dash Time by 2/10ths of a second
- Increase reactive strength and agility
- Increase calf mass and definition
